

AIM FOR SUCCE SMS

SMS  group

SMS group is renowned worldwide for its future-oriented technologies and outstanding service for the metals industry. In 2022, our team of over 14,400 employees around the world generated sales of more than 3.1 billion euros. We apply our 150 years of experience and our digital know-how to provide the industry continuously with innovative products and processes that extend beyond our core business. We are the right partner for challenging projects and support our customers throughout the entire lifecycle of their plants and equipment. Paving the way for a carbon-neutral and sustainable metals industry is our stated goal.

Become a part of our future at SMS group GmbH in Mönchengladbach where we're looking to recruit a

Process Engineer/Metallurgist Electric Arc Furnaces (m/f/d)

YOU ACT

You are responsible for development, process engineering design and for commissioning of steelmaking units (Electric Arc Furnaces). In addition, your tasks include:

- Development of new processes for steel production with a low CO2 footprint
- Development of process guarantees
- Customer consulting, studies, training
- Clarifying procedural questions with the customer
- Maintenance of process design models
- Technical consulting and support for design and sales departments
- Commissioning of the equipment worldwide
- Industry 4.0 in steel production

YOU KNOW

You have a university degree specialising in metallurgy. In addition, the following are important to us:

- Professional experience in EAF steel production or EAF commissioning experience
- Experience with metallurgical models
- Open, confident appearance
- Cooperation and teamwork
- very good English and good German language skills
- Ability to work under pressure and willingness to spend several months abroad for commissioning activities

WE CONVINC

As an innovative and international employer, we offer a performance-oriented salary package (incl. profit sharing) and an attractive company pension scheme. In addition, we offer you the opportunity to achieve the ideal family/work life balance, e.g. with our in-house children's daycare center, flexible working hour models, and homeworking options.
